August 2011

Dear Parent(s) or Guardian(s),

During the course of the year we occasionally have newspaper coverage or video tapes made of our events and presentations. Attached to the bottom of this note is a permission slip where you can indicate whether or not you would like your child photographed or video taped. Please complete the attached form and return it to school.

Also, during the course of the school year, your child will have several opportunities to participate in programs that will enrich his/her educational experience. In some instances this may involve taking a walk, a bus ride around town, or a bus trip to Adams, North Adams, or Pittsfield. Information will be sent home, well in advance, relating to such activities so that you can be familiar with the details of each trip. If you wish to have your child included in such activities, please complete the attached permission slip and return it to school.

Sincerely,

Anne Mahoney
Principal

Yes, my child, may be photographed or video taped and his/her name, age, and birth date may be used in the newspaper.

No, my child, should not be photographed, video taped, or mentioned in the newspaper.

As a student at Savoy Elementary School, my child, has permission to be actively involved in all planned educational activities during the school year. This includes field trips of a walking nature as well as those requiring bus transportation.
